DBH & Clinical Staff are encouraged to attend!

OBJECTIVES

- ◆ Identify the competencies involved in clinical supervision
- ◆ Identify and describe evidence-based and theoretically-derived “best practices” in clinical supervision
- ◆ Identify ways to better develop and to repair supervisory alliances
- ◆ Recognize ways to address common problems and dilemmas arising in supervision
- ◆ Describe approaches to fulfill ethical and legal responsibilities involved in clinical supervision and to address problematic supervisees
- ◆ Describe practical ways to enhance respect for individual differences and multicultural competence
- ◆ Recognize and better appreciate the role of values-based supervision in training mental health professionals
